Hi,

I confirmed those dates with Jeff and others in our office. It looks like it would be two half days with folks from Philly traveling to Norfolk on the 23rd. Could you reserve a meeting place? Folks likely to attend from our office include Jeff, Carrie, Stephanie, and Todd. Also, some potential agenda items to discuss are enforcement, 460 & Tri-Cities, functional assessment, and anything else you may want to include.

Thanks for your help with scheduling this meeting.

Christine

Hey Kim,

Just following up to see if EPA and Corps can still do a small interagency meeting March 23 -24. Jeff ran into Dave Davis at a conference in DE this week and Dave indicated that he would also like to have a meeting with EPA and Corps so perhaps we can schedule some time with him on one of those days. Thanks!

Christine

Hello,

As predicted, it looks like we can't get everyone for the dates presented. So one option we have is to meet with just the Corps in Norfolk on March 23-24 to discuss some topics such as enforcement, functional assessment, etc. and then follow up with an interagency coordination meeting later in April. Please let us know if you are amenable to that option.

Thanks!
Christine

Christine,

Just responded and am only available Mar. 23-24. Environment Virginia is April 5-7 and I suspect many on your distribution will be attending. May want to go ahead and look at dates later in April.

Thanks
Tom

Hello Folks,

While Jessica is finishing up her temporary assignment, I'm filling in for some of her duties including planning the next Virginia Interagency Coordination Meeting.

Please use the link below to fill out a quick poll on some available dates for a two day meeting (most likely 2 half days) around the end of March and beginning of April. Please provide your responses by Feb 1st.

Blocked<http://www.needtomeet.com/meeting?id=1w9gwps1V>

Once we settle on the dates, either Jessica or I will work with you all to identify the location and agenda. Any takers on hosting this meeting?

Thank you for your time and consideration. We look forward to meeting with you again soon. Stay safe with this weather!

Christine
